OUR STORY

Through a journey of endless exploration, we have come to understand what we want, what we do and why we do it. and that is to capture the flavors and essence of Singaporean cuisine, and go above and beyond expectations.

At Palm Beach, we strive to create a truly authentic Singaporean dining experience. We believe that each and every one of our dishes embodies the spirit of Singapore and her culture, and this is something that we want to share with every guest that comes through our doors.

Our long journey did not just stop at One Fullerton, now that we set out to bring the experiences and taste of Singapore beyond our borders. The heritage that started from the humble beginning as a pushcart roadside stall in 1956 will continue on, while keeping the consistency of our recipes and non-compromising policy on food quality.

In our menu you will see ★ indicating our award winning dishes.
